

# Like to Cut Expenses? Can't Find Time to Look Into it?

Small Business to Industrial Size Business; School Systems; Municipalities; Non Profits of every size – If you use electricity and natural gas, we'll search the markets and find best pricing for you.

---

**Your time is valuable  
Your involvement in this process is minimal.  
We'll do all the work.**

## **Just 3 Easy Steps...**

### **What You Do**

- 1.** Provide us with complete copies of your 3 most recent billing statements
- 2.** Authorize us to obtain historical usage information from the local utility company. (We provide you with the simple letter of authorization)
- 3.** Review our findings - If we find sufficient savings, sign the new agreement with low cost Energy Provider.

### **What We Do**

- 1.** Evaluate billing statements to determine rate classification; service locations; credit; special conditions or services.
- 2.** Obtain historical usage information from the local utility to determine usage amounts; usage patterns; and load factors.
- 3.** We shop your consumption among the Energy Providers to obtain best pricing and terms.
- 4.** Present our findings in an "apple to apples" comparison - no hidden fees - all inclusive pricing - making it easy for you to determine your best option for savings. If you chose to take advantage of the savings opportunity we present, we will arrange to have agreements prepared and presented for your signature.

## **...to Significant Savings**
